### Another valuable new service to come from Pacific Telephone

### Coming — a phone you can use to answer your doorbell

The time—the future. You're working busily when your doorbell rings. But you won't have to stop to go to the door. You'll just pick up any phone in your home—touch a button—and without moving a step, talk to whoever is there.

With its tiny built-in loudspeakers, the new home phone system will let you page other members of your family. It

will also let you talk between extension telephones in your home.

The new home phone system has been designed with the idea of making your telephone service even more pleasant, convenient and useful to you. It's another example of the many ways we're constantly working to give you more value for your telephone dollar.

Working together to serve you better... Pacific Telephone
